HEALTH CARE

We do our best at Camp Cosby to make your child's experience accident and illness free. However, in the event something happens we are well-prepared. Our camp health care professionals treat minor cuts, scrapes and illnesses at no charge. Please be sure to meet with our camp health care professional during check-in and provide any additional information that is not on the health form, such as recent illness. If your child is required to bring medications to camp, be sure to turn these in during check-in. Medication must be in the original container. Campers needing more medical attention than our health care professional can provide will be taken to Talledega to see a physician at the Citizens Baptist Medical Center Hospital. We will make every effort to reach parents in this event. If you cannot be reached, your signature on the Health Form authorizes us to secure proper medical attention. Bills for the medical services will be forwarded to you for filing with your medical insurance carrier.
